## Call for Pieces

CoMA UK and KNM campus ensemble are inviting you to write works for a flexible quartet and to have your piece performed as part of the KNM Campus-CoMA Allcomers concert in Berlin on October 15th, 2016. Six selected works will be rehearsed and recorded live by Ensemble KNM Berlin players Rebecca Lenton (flute), Theo Nabicht (bass clarinet), Theodor Flindell (violin) and Kirstin Maria Pientka (viola). Two of those pieces will be performed in the final concert on October 15th. Whilst the initial performance will be by professional players on specific instruments, the works must be suitable for playing by amateurs (from intermediate level upwards) and on a range of instruments, including string and wind quartet.

### Deadline

The closing date is 15th August, 2016. All scores should be sent to [campus@kammerensemble.de](mailto:campus@kammerensemble.de) as a PDF.

### Open Score Project

All CoMA's calls for pieces are part of an Open Score project, providing artistically challenging yet technical accessible works for flexible ensembles including amateur players. Submissions are welcome from composers of any age and nationality. Selected works will be available for performance by CoMA ensembles and included in the CoMA Open Score Portal. Feedback will be provided on all submissions. Full details and application forms are available from [campus@kammerensemble.de](mailto:campus@kammerensemble.de).

### Adjudicators

A Jury made up of 3 musicians from Germany and the UK will decide which pieces will be played in October. Composers of selected pieces are invited to come to Berlin in October. Any incurring costs cannot be covered. Results of the competition will be made known by 15th September 2016 by e-mail. The jury's decision is final and there is no right to legal appeal.
